ORDER OF ITEMS SUBJECT TO CHANGE

OPEN SESSION

1. Call to Order/Pledge of Allegiance/Roll Call/Establishment of a Quorum
2. Welcome - Chairman's Opening Remarks
3. Approval of the February 27, 2018, Commission Meeting Minutes
4. Review and Possible Action on Petition to Change the Decision for Michael Guy vs. Junior Younan bout on July 29, 2017, in Long Beach, CA
5. Review and approval of Application for Referee/Judge License from Ray Corona
6. Discussion of possible creation of a task force to research issues related to gender equity in combat sports
7. Discussion of the 2019 Strategic Plan
8. Subcommittees Updates:
 - a. Pension Fund Subcommittee (Commissioners Lehman and Ayala)

9. Executive Officer's Report
 - a. Budget Update for the Support Fund, the Neurological Fund, and Pension Program
 - b. Report on Pending and Proposed Regulations
 - Examination of Boxer Applicants (Amendment to Title 4, California Code of Regulations section 280.)
 - c. Status Update of Delegated Entities
 - California Amateur Mixed Martial Arts Organizations (CAMO)
 - USA Boxing (USA Boxing)
 - United States Fight League (USFL)
 - International Kickboxing Federation (IKF)
 - d. Update on C3 Logix Sports Concussion Management Program
 - e. Report on 10 point plan expansion to address severe weight cutting in boxing
 - f. Upcoming Event Schedule and discussion regarding event activity
 - g. Staffing update
10. Business and Professions Code section 18640.5 requires the Commission to invite stakeholder testimony at Commission meetings in order to identify actions that may lead to greater opportunities for licensees to participate in major professional boxing contests.
11. Public Comment on Items Not on The Agenda.
(The Commission may not discuss or take action on any matter raised during this public comment section, except to decide whether to place the matter on the agenda of a future meeting pursuant to Government Code sections 11125 and 11125.7(a))
12. Next Meeting Scheduled for July 24, 2018, in San Diego, CA.
13. ADJOURNMENT

NOTICE: The meeting is accessible to the physically disabled. A person who needs disability-related accommodation or modification in order to participate in the meeting may make a request by contacting Heather Jackson at (916) 263-2195 or email heather.jackson@dca.ca.gov or sending a written request to the California State Athletic Commission, 2005 Evergreen Street, Suite 2010, Sacramento, CA 95815. Providing your request at least five (5) days before the meeting will help ensure availability of the requested accommodation. Requests for further information should be directed to Heather Jackson at the same address and telephone number. OPEN SESSION

Agenda Item 1 – Call the meeting to Order / Roll Call / Pledge of Allegiance/
Establishment of Quorum

The meeting was called to order at 10:00 a.m., Executive Officer (EO) Andy Foster called Roll and a quorum was established.

Agenda Item 2 – Welcome –Chairman’s opening remarks

Chairman John Carvelli welcomed everyone to the meeting and stated he is confident the California State Athletic Commission (Commission or CSAC) is fiscally sound, efficiently and effectively administered, and in his humble opinion the regulatory example, both on a national and international basis, for providing dynamic and common-sense leadership in all aspects of combat sports. He stated 2017, and the years to come, represent the year of the 10-Point Plan (Plan) addressing severe dehydration and weight cutting and gaining. A

plan conceived and implemented by the Commission's Executive Officer, Andy Foster and the Commissioners. He mentioned the Plan has also been approved nationally by the Association of Boxing Commissions (ABC), is currently being implemented in many states, with potential for more states to adopt, as well as foreign countries. He stated the 10-Point Plan has and will fulfill the Commission's clear mission to protect and defend the health and safety of athletes in combat sports.

Agenda Item 3 – Election of Officers for 2018 Pursuant to the Requirements of Business and Professions Code Section 18606.

Spencer Walker, Legal Counsel, called for nominations for Chair and Vice Chair elections.

Commissioner Shen Urquidez motioned to re-elect John Carvelli for Chairman and Mary Lehman for Vice Chair.

Mr. Walker called for additional nominations. There were none.

The motion passed 6-0 by roll call vote.

Agenda Item 4 – Approval of the December 12, 2017, Commission Meeting Minutes

EO, Andy Foster presented the Commission with the minutes of the December 12, 2017, Commission Meeting for approval.

Commissioner Shen-Urquidez motioned to approve the minutes.

Commissioner Vernon Williams seconded the motion.

Commissioner Shen-Urquidez mentioned her revisions were sent in an email to the Commissioners. Vice Chair Mary Lehman reviewed her revisions aloud.

Commissioner Shen-Urquidez amended her motion to approve the minutes as revised.

Commissioner Vernon Williams seconded the amended motion.

No public comment.

The motion passed 6-0 by roll call vote.

Agenda Item 10 – Report on CSAC 10 Point Plan to address severe dehydration and weight cutting in MMA

EO Foster reported since the plan was approved, the Commission continues to implement the plan, weighing the fighters and recommending athletes to compete in more appropriate weight categories. He mentioned Mr. Michael Mazzulli with Mohegan Sun as well as the Brazilian Athletic Commission of MMA (CABMMA) adopted the plan. He explained the Mohegan Sun adoption is significant because Mr. Mazzulli regulates Bellator's international events and intends to utilize the plan for those events.

EO Foster addressed the media in attendance emphasizing weight cutting is the biggest problem in combat sports. He acknowledged many of them write about these issues and urged them to please continue because it causes change. He explained to the Commission there shouldn't be two fights, the first being making weight and the second being the regulated competition.

Agenda Item 5 – Appeal of license suspension and fine from Jonathan Jones for violation of California Code of Regulations, Title 4, section 303, 390 and Business and Professions Code sections 18843(b) and 18649.

Mr. Walker introduced the appeal and presented the hearing instructions. Supervising Deputy Attorney General, Mr. Jim Ledakis, briefly described the violations against Mr. Jones and submitted all exhibits to be considered in the hearing. Mr. Walker received both briefs and exhibits into evidence.

On behalf of EO Foster, Mr. Ledakis presented the Commission with the formal recommendation to revoke Mr. Jones' Mixed Martial Arts license and assess fines for each violation.

Mr. Jones' lawyer, Mr. Howard Jacobs, presented his opening statements to the Commission. In his address, Mr. Howard explained Mr. Jones is not contesting the finding of the prohibited substance in his July 28, 2017, sample. He explained Mr. Jones' position remains he has never knowingly taken any substance that could have caused a positive test. He continued by explaining Mr. Foster's recommendation assesses the maximum possible fine amount. He concluded by requesting when determining the appropriate penalty, the Commission consider Mr. Jones' intent and his efforts to locate where the substance came from. These efforts included voluntarily submitting all his supplements and massage creams for testing by independent laboratories, questioning by the United States Anti-Doping Agency (USADA) lawyer and investigator, and a polygraph examination.

Mr. Ledakis called Dr. Daniel Eichner, Laboratory Director of the Sports Medicine Research and Testing Laboratory (SMRTL) in Salt Lake City, Utah, to approach as an expert witness and provide testimony. Mr. Ledakis asked Mr. Howard for a stipulation that Dr. Eichner is an expert in his field; Mr. Howard affirmed. He asked Dr. Eichner if he has reviewed the testing data (Exhibit 5) from SMRTL dated August 21, 2017, for Mr. Jones.

Mr. Ledakis asked Dr. Eichner to declare the results of the testing data and explain what Turinabol is. Dr. Eichner responded the testing data resulted in an adverse finding for a metabolite of oral Turinabol. He clarified Turinabol is also known as dehydrochlormethyltestosterone (DHCMT), and it is an anabolic endogenic agent, which is prohibited in all sporting code. Adding it is also a 'Schedule 3' drug, which means it is prohibited from being sold in the United States. He further explained when a drug is administered, it generally passes through the urine and in many instances the drug is broken down or metabolized into something else. He added in certain circumstances (Turinabol being a classic example of this) some of the metabolites are a lot longer-lived than the parent drug. He concluded in drug testing, the metabolites are normally used because they offer a longer window of detection.

Mr. Ledakis inquired about the purpose in the administration of Turinabol. Dr. Eichner explained oral Turinabol was developed in Eastern Germany to treat medical conditions and diseases. Unfortunately, it was subsequently abused for doping in sport, mainly through Eastern Europe.

Mr. Ledakis asked Dr. Eichner to describe his conclusion, after reviewing the testing data and the report by Dr. Scott. He asked, given the timing of the tests and their results, if Dr. Eichner can draw any conclusions as to how the Turinabol was administered. Dr. Eichner explained, based on the data provided, he is only able to conclude oral Turinabol was administered sometime after Mr. Jones' July 7, 2017, test and the subsequent test later in July. When asked if he is able to draw any conclusion based on the negative tests in both early July and October, paired with a positive test in late July, Dr. Eichner explained he was unable to. Adding there would need to be further research conducted to look at the metabolism and excretion rate of oral Turinabol, and some necessary studies could help shed light on how long it's detected after administration. He further explained the other important thing to consider is when he looks at data like this, he must understand how much of the drug was administered, how it was administered, what the route of administration was, and frequency of the administration. He stated without knowing any of those things, it would be very difficult to make any determination.

When asked why this necessary research has not been done, Dr. Eichner explained in the United States, because Turinabol is not an FDA approved drug, it would be impossible to get ethical approval to conduct the necessary studies on humans.

Mr. Ledakis asked Dr. Eichner if he believes Mr. Jones' physical performance was enhanced by the substance found in the positive test for the long-term metabolite (M3), if he could say whether the metabolite was ingested for therapeutic reasons or by accident. Dr. Eichner responded there is not enough information available to make those determinations.

Mr. Ledakis directed the Commission's attention to Dr. Paul Scott's expert report (Exhibit Y) and asked Dr. Eichner if he has reviewed the report. Dr. Eichner responded he had. When asked to describe what the report generally stated, Dr. Eichner described in all likelihood, the athlete administered a contaminated product, which caused the adverse finding on the test done in late July. He added, however, there is not enough information available to determine whether it was therapeutic or a contaminant. He stated with the information available to him, it would be impossible to make a determination the adverse finding was purely caused from a contaminated product and is, therefore, unable to agree with Dr. Scott's conclusion in his report.

He described other cases related to oral Turinabol where sometimes the metabolite is detectable for several weeks after use, and in other times, detectable for significantly longer. Pharmacokinetics requires having knowledge of exactly how much, how often, and the route of administration. He explained, without having this information in concert with the necessary research, it would be impossible for him to give a determination on exactly how much was used and when it was used, in this case.

Mr. Ledakis concluded he had no further questions for Dr. Eichner, and invited the Commission to ask questions about anything they need clarification on.

Commissioner Shen-Urquidez asked Dr. Eichner if there were any questions the adverse finding was some form of chlorinated anabolic steroid. Dr. Eichner explained he is confident the M3 metabolite detected is consistent with oral Turinabol. He added there is a small possibility for another chlorinated anabolic endogenous steroid, considered prohibited and also scheduled, however he has never experienced one. Commissioner Shen-Urquidez confirmed with Dr. Eichner because Turinabol is not an FDA approved substance, there are no controlled studies. Those studies would be the only way to understand when a person may have ingested a particular supplement or drug. She further confirmed, in Mr. Jones' case, the unlikelihood of knowing how much was ingested, when it was ingested, or the excretion rate. Adding unless certain assumptions are made, the only conclusion one could draw in this case, is there was Turinabol in Mr. Jones' system at the time he was tested on July 28, 2017.

Commissioner Shen-Urquidez asked Dr. Eichner if, in his experience with testing supplements for contaminants, he has ever observed or heard of another lab may have observed any substance, medication, or supplement contaminated with Turinabol. Dr. Eichner responded he had not.

Vice Chair Mary Lehman asked Dr. Eichner if he would be able to identify the degree of presence of Turinabol in Mr. Jones' sample, describe what routes of administration are available for Turinabol and explain whether Turinabol is known to be less detectable. Dr. Eichner explained he is unable to approximate the concentration of Mr. Jones' sample, although it was a low level. He further explained the typical route of administration for oral Turinabol is ingestion; however, it is possible to make the drug available to other routes of administration, such as intramuscular and intravenous injection. He added Turinabol is very easily detected, explaining the long-term metabolite (M3) was identified several years ago allowing the window of detection to be much longer than it used to be.

Mr. Ledakis directed the Commission's attention to page 4 of Dr. Scott's report (Exhibit Y), paragraph 14, which states, "Absent that work, it is not possible to do anything other than make educated guesses regarding detection windows." Dr. Eichner agreed with Dr. Scott's statement in the report and confirmed much of the report appears to have made those educated guesses in order to arrive upon the conclusions.

Mr. Jacobs asked if Dr. Eichner interpreted Dr. Scott's report as saying this was definitely a contaminated supplement. Dr. Eichner responded he would not use the word 'definitely.' When asked if a fair reading of the report would be Dr. Scott was looking at the evidence to try to offer an opinion as to whether the totality of the evidence was consistent with intentional use versus unintentional use, Dr. Eichner responded his interpretation of the summary in the report was it was most likely caused from a contaminated product.

When asked if he could identify other possibilities of unintentional use, Dr. Eichner suggested other than the athlete being unconscious and unaware of what was going on, the only other possibility of unintentional use he could think of would be a contaminated

product. Mr. Jacobs reviewed parts of Dr. Scott's report, specifically the approximate excretion half-life rate and the assumption intentional use would have resulted in a detectable amount of M3 in the sample collected in October. He asked Dr. Eichner whether he agreed with the approximations relied upon in the report, and if he would agree the amount detected seems consistent with unintentional use. Dr. Eichner explained detection would be dependent on the instruments and methods used. He added certain methods are very sensitive and will pick up a very small amount. He concluded he is confident there are not enough controlled studies to point to a definitive number on how long it would be detected for and at what concentration levels you might see after use. Mr. Jacobs stated he had no further questions for Dr. Eichner.

Mr. Jacobs called Dr. Paul Scott, author of the Expert Report in question, to approach and provide testimony. Mr. Howard inquired about Dr. Scott's experience pertaining to testifying in cases where the issue was for the detection window of this metabolite. Dr. Scott briefly explained a case involving the metabolism of DHCMT, specifically M3. Mr. Howard asked Mr. Ledakis for a stipulation on Dr. Scott's credentials; Mr. Ledakis affirmed.

When asked if he had any responses regarding Mr. Eichner's comments involving his report, Dr. Scott responded he agrees with much of what Dr. Eichner said, although he wished to clarify although his report ultimately concluded this was most likely from a contaminated supplement, his conclusion does depend on the assumptions made. He agreed there are many more studies necessary to make a better determination. However, they cannot be done in the United States and he hopes to see those studies conducted elsewhere. He explained he is with the understanding the World Anti-Doping Agency (WADA) has commissioned and may eventually have certified reference material for of the M3 metabolite. He added it would then allow them to characterize and confirm the assumptions made about the source of this particular chlorinated steroid are, in fact, from Turinabol.

Chairman Carvelli inquired about Dr. Scott's involvement in this case and where his involvement originated. Dr. Scott responded he is President of KorvaLabs, Inc., which is a clinically licensed laboratory specializing in anti-doping services. He mentioned they also offer supplement testing and private anti-doping detection. He explained he was asked by Mr. Jacobs to review a documentation package, which he found no issues with. In addition, previous to that review, he also attended the B sample testing as an independent witness. He added he also provided testing services to detect the presence of the parent compound of DHCMT in Mr. Jones's supplements.

Mr. Jacobs asked Dr. Scott to describe the basis for his assertion in the report which stated that the October 11, 2017, negative test makes it unlikely during the three week period between July 8, 2017, and July 28, 2017, Mr. Jones repeatedly used an effective dose of Turinabol.

Dr. Scott explained he had to consider how the Turinabol entered the body, and what he is able to know definitively is it was administered sometime between the first negative test and the first positive test. He further detailed when considering both scenarios, the contamination scenario is more in line with the testing data than the doping scenario.

Mr. Ledakis asked Dr. Scott to explain what he meant by detection window. Dr. Scott explained the detection window would be the amount of time after the last administration. When asked to confirm if in his report, he identified a 51-day detection window for Turinabol, Dr. Scott clarified that the 51-day approximate window of time comes from Sobolevsky's 'Journal of Steroid Biochemistry and Molecular Biology.' He added Sobolevsky is not a pharmacokinetic study and the estimation he made is just a reasonable guess. Albeit a good tool, the required information to rely on that estimation is not available. Mr. Ledakis inquired about the assumptions and evidence in which Dr. Scott relied upon to arrive on the conclusion in his report.

Commissioner Williams suggested the spirit of the report and Dr. Scott's testimony is the concept of intentional use versus unintentional use is reliant on certain dosage. He inquired about the possibility of the administration being intentional and also be at a very low dosage. Dr. Scott agreed with Commissioner Williams' assessment and identified if the assumptions are rejected, then the conclusions must be as well.

Vice Chair Lehman asked Dr. Scott about the extent of his research on which he based his standard for an effective dosage of Turinabol in order to achieve athletic benefits. Dr. Scott explained his research, in this case, was limited, and stated he was given a reference from Mr. Jacob's, which was ultimately in agreement with his experience working with other anabolic steroid scenarios.

Commissioner Shen-Urquidez asked if Dr. Scott was being paid for his attendance at the meeting, as well as paid at the same rate to prepare and review the report. Dr. Scott responded he was compensated for the review and preparation of the report and his time at the meeting. When asked about the difficulty of finding out certain information necessary for refining certain assumptions for the report, Dr. Scott mentioned the time constraints for the report were somewhere in the four hour range and the assumptions were therefore based primarily on his experience.

Chairman Carvelli asked Dr. Scott about the length of his involvement in the case. Dr. Scott responded although not continuous, his lab was commissioned to test many of Mr. Jones' supplements over the course of 7 months. When asked who determined which supplements to test, Mr. Jacobs explained about 15 supplements were tested and none returned adverse findings with KorvaLabs. Subsequent testing at both KorvaLabs and Dr. Eichner's lab occurred for all supplements and creams, which Mr. Jones was in contact with or ingested during that time period. All results ultimately returned with zero adverse findings.

Mr. Jacobs called Mr. Jonathan Jones, Professional Mixed Martial Artist, to approach and provide testimony. Mr. Jacobs asked Mr. Jones whether he has ever knowingly taken Turinabol and asked him to describe his reaction to finding out he had tested positive. Mr. Jones responded he has never knowingly taken Turinabol and was confused by the adverse finding. He mentioned he struggled with the process of assessing his surroundings including individuals. He added during his fight camp, specifically the month leading up to the fight, he made every effort to only keep around individuals who he felt he could trust. He mentioned he felt that he was very careful and was in a good place with all of the professionals around him. He explained he learned a lot from the process of the previous doping violation and detailed all precautions taken since then and leading up to this fight. He added he was not at all concerned about taking any of the tests.

Mr. Jones further explained to the Commission, everything he and his management did to determine what caused the adverse test result. When asked what his response is to Executive Officer Foster's brief that outlines issues in Mr. Jones' past that demonstrate a pattern of poor judgment and recklessness behavior, Mr. Jones responded he acknowledges his past actions are not things he will easily escape. However, he explained he has accepted all punishments for his actions and has made a conscious effort to make better decisions, not only for himself, but also for those who look up to him. He expressed he hopes his past does not put him in a certain light with this situation because he does feel he is a different person and stated people can call him what they want, but he is not a cheater.

Mr. Ledakis asked Mr. Jones if he can describe what assurances he could make to the Commission to ensure something like this would never happen again. Mr. Jones responded, in this case, those assurances are hard to give because he doesn't feel he did anything to cause this adverse finding. He explained, short of extraordinary measures to ensure he is not tainted by anybody or anything, his assurance is the promise he made to the people and kids of Albuquerque, New Mexico. He maintained he doesn't know how this happened, and therefore he is unaware of how to give the Commission assurances it won't happen again.

Commissioner Shen-Urquidez asked Mr. Jones if he remembers completing a 'Declaration of Use' form before his test in July. Mr. Jones responded he did remember and completed the form with the help of his management. Commissioner Shen-Urquidez inquired as to why there were an additional 10 supplements, not listed on the declaration, sent to the lab after notification of his adverse result. Mr. Jones responded he wasn't aware he had to list supplements that are typical for any male to take for their health.

Commissioner Shen-Urquidez confirmed Mr. Jones' awareness of the USADA becoming the independent anti-doping administrator for the Ultimate Fighting Championship (UFC) in 2015; at which time Mr. Jones would have become part of the registered testing pool. She added along with registration, Mr. Jones was required to complete online educational classes. Mr. Jones responded he never completed those courses and admitted he had his

management complete the courses for him. Commissioner Shen-Urquidez asked why then, he certified to taking the courses in 2015 and 2016. Mr. Jones admitted to having his management approve and sign off on things, several times in his career. Commissioner Shen-Urquidez stated she had no further questions.

Commissioner Frierson commented when someone is wrong, they should accept the consequences. He explained how Mr. Jones should consider his actions, and work toward displaying himself better as a role model. Mr. Jones expressed he agrees with Commissioner Frierson's statement about being wrong and accepting punishment. However, in this instance he swears he is not wrong.

Vice Chair Lehman asked if Mr. Jones had an opinion on the prevalence and the use of steroids in the sport of mixed martial arts. Mr. Jones responded he is only aware of the very public cases, adding he is one of the biggest advocates against performance enhancing drugs. He suggested if there were athletes doping, he would not be the one they would tell. Vice Chair Lehman asked Mr. Jones to clarify if when he said he did not recall taking the USADA courses, he meant he just couldn't remember or if he affirmatively did not take them. Mr. Jones admitted to not taking the USADA courses. Vice Chair Lehman asked Mr. Jones if, earlier in his testimony, he said his management forged his signature, to which Mr. Jones responded yes.

Vice Chair Lehman asked Mr. Jones to describe examples, which show better decision-making. Mr. Jones explained how he has audited his surroundings as well as hired a driver to prevent any future driving violations.

Commissioner Sauter expressed he is troubled with having to make a determination, which could potentially end Mr. Jones' career; and stated he hopes the promises being made by Mr. Jones are true.

Chairman Carvelli asked Mr. Jones if he still drinks alcohol, to which he responded he does. Chairman Carvelli explained how he has yet to hear any real changes being made by Mr. Jones. He suggested Mr. Jones consider his judgment issues as well as his management. He further explained the Commission is tasked with either accepting EO Foster's recommendation or changing it. He asked Mr. Jones if he would consider an athlete, doping intentionally or not, a danger to their opponent; Mr. Jones responded, yes, he would.

EO Foster explained how he has a personal view, as well as a professional view. He stated he believes Mr. Jones. He added how it doesn't make sense to him for Mr. Jones to ingest a steroid right before a test he knew was coming. He stated his recommendation is to fine Mr. Jones \$2,500 for violation of rule 303, \$2,500 for violation of rule 390, and \$200,000 for violation of Business and Professions Code 18843 (b). He further stated in Mr. Jacobs' testimony and report, Mr. Jacobs suggests fining an athlete 40% of their purse should be reserved for the most extreme cases. EO Foster stated although he agrees with

Mr. Jacobs, Mr. Jones also made a considerable amount more than just his fight purse. In regards to his license, he does not feel the Commission should end Mr. Jones' career, but he does believe he should sit out for a while. He feels the Commission should revoke his license and let Mr. Jones' deal with USADA, and when that is completed, he would be inclined to support Mr. Jones' application to this Commission to get his license back.

Commissioner Shen-Urquidez motioned to sustain the fines of \$205,000, and the revocation based on EO Foster's recommendation.

Vice Chair Lehman seconded the motion.

PUBLIC COMMENT

Giovanni [*Un-disclosed Last Name*], fan of mixed martial arts, commented he feels if someone is found guilty, they should be punished through monetary means, not necessarily a revocation of their license.

Commissioner Shen-Urquidez clarified the Commission has the discretion to suspend, revoke, or take no action. She explained if the Commission was to suspend, they could actually suspend for longer, whereas, a revocation would be for a year. She stated Mr. Jones was suspended before and with a suspension, he gets his license back, automatically, at the end of the suspension. With a revocation, there is a condition that Mr. Jones would have to appear in front of the Commission again to show evidence of rehabilitation, which he hasn't had to do before. She concluded she believes it will be important to show evidence he is doing something to display personal responsibility before he is granted a license in the future.

The motion passed 6-0 by roll call vote.

Agenda Item 8 – Executive Officer's Report

a. Budget Update for the Support Fund, the Neurological Fund, and Pension Program

EO Foster reported as of February 16, 2018, the Commission had deposited \$1,129,012.95 into the Support Fund, \$5,295.54 to the Neurological Fund and \$259,733.28 to the Boxer's Pension Fund. He explained Fiscal Month 1, the first true budget report, was recently received and mentioned he has confidence the Commission is revenue positive. He further reported the Commission recently renewed their contract with Raymond James, the Pension Investments Administrator. He added Mr. Shaw has re-balanced the Commission's portfolio to what he considers a better allocation to achieve growth for the boxer's pensions.

b. Report on Pending and Proposed Regulations

- **Examination of Boxer Applicants (Amendment to Title 4, California Code of Regulations section 280.)**

EO Foster reported the rulemaking package was submitted to DCA on August 29, 2017, and is currently under review by the department. Spencer Walker mentioned he would check on the status of the regulation package with the Department of Consumer Affairs. Vice Chair Lehman inquired about the repercussions of the regulation not going through. EO Foster responded, stating part of the regulation is the neurological assessment and the other part details the examinations required for licensure, which were both audit recommendations he hopes to satisfy with the regulation.

c. Status Update of Delegated Entities

• California Amateur Mixed Martial Arts Organizations (CAMO)

Mr. JT Steele, President, reported over the last few months, CAMO developed a structure for an online training course for their inspectors. He added they anticipate roll-out to be sometime in 2018. Commissioner Shen-Urquidez mentioned she would be interested in viewing the program, adding she and EO Foster considered that route for officials training.

• United States Fight League (USFL)

EO Foster prefaced USFL's report by acknowledging he has reviewed the proposed rule changes and confirmed he is in support of all three changes, as they will further promote health and safety for youth athletes.

Mr. Jon Frank, President, reported one event which occurred since the report was submitted, adding there was one medical suspension due to an asthma attack. He provided an update on the USFL website which will be rolling out options for online licensing, monitoring results, and will have the ability to create identification cards. Mr. Frank concluded his report by presenting all three rule changes and explaining the benefits to the sport.

Vice Chair Lehman inquired about Mr. Frank's involvement in the Los Angeles High Intensity Drug Trafficking Area Training Center. Mr. Frank explained he teaches seminars and trains military personnel as volunteer service. Vice Chair Lehman clarified CSAC's delegation to USFL is limited to youth and stated the Commission is not responsible for providing oversight for any activities involving military, police or fire. Mr. Frank assured the Commission the involvement is outside of his delegation.

• International Kickboxing Federation (IKF)

EO Foster explained to the Commission why Mr. Steve Fossum, President of IKF, was unable to be in attendance at the meeting. Vice Chair Lehman expressed concerns with the refusal of medical care statement in Mr. Fossum's report. EO Foster agreed to work with Mr. Fossum and Spencer Walker to refine the language and determine legalities.

- USA Boxing (USA Boxing)

Mr. Mike McAtee, President, introduced himself to the Commission. He explained he worked closely with Commissioner Shen-Urquidez to develop an appropriate reporting structure, including medical suspensions and financials. Commissioner Shen-Urquidez mentioned the medical suspensions should have more information and suggested Mr. McAtee work with EO Foster to see examples of how the other delegations report. She continued she has concerns with AIBA by-laws as they relate to USA Boxing, adding there appears to be a potential threat to USA Boxing's existence. Mr. McAtee assured the Commission if there was ever an issue he would seek support from the Commission and would resolve accordingly.

Commissioner Shen-Urquidez explained the importance of the Concussion Protocol information being available on their website, to which Mr. McAtee agreed and stated he would make sure it is immediately available.

d. Update on C3 Logix Sports Concussion Management Program

EO Foster reported to the Commission the process and logistics for testing athletes. He stated the total number of athletes tested is around 700, and he is confident in his projection of testing a total of 1,000 athletes by December 2018.

e. Upcoming Event Schedule and discussion regarding event activity

EO Foster presented the Commission with the updated event schedule and directed their attention to the March 10, 2018, Top Rank event in Carson, California, at the Stub Hub Center.

f. Staffing update

EO Foster reported the Commission's Sacramento office has one staff member out on maternity leave and another leaving soon. He mentioned the process started to hire two seasonal clerks to assist with the administrative workload in the office.

g. Report on Advisory Committee on Medical and Safety Standards (MAC) Meeting on January 27, 2018

EO Foster reported the refusal of medical care was discussed at the MAC meeting. Commissioner Williams mentioned he was pleased with how well rounded the Commission's approved ringside physicians are. He reported the meeting was very productive, specifically with the topic of refusal of care. He explained how Dr. Wallace described the Ringside Physician's role as ensuring safety, not providing treatment. Vice Chair Lehman requested to be involved in future discussions regarding the issue.

Agenda Item 7 – Subcommittee Update: Pension Fund (Lehman/Ayala)

EO Foster reported the Commission paid \$227,733 in pension payments in 2017. He acknowledged the efforts of the World Boxing Council (WBC) to assist the Commission in locating potentially eligible boxers. Vice Chair Lehman recognized the Commission office and the WBC, she suggested the Commission consider preparing a formal commendation

for WBC. She concluded by requesting EO Foster include a chart which shows the backlog of vested boxers in future reports.

Agenda Item 13 – Recognition of Rebecca Relyea for her work in developing a new CSAC Event Information Database

EO Foster provided background on the Commission's need for a streamlined database, which could be used in the office and transferred seamlessly into the field. He explained he told Mrs. Relyea what was needed and she was able to create it – adding, her efforts are worthy of recognition.

The Commission presented, and Mrs. Rebecca Relyea accepted a Certificate of Appreciation, mentioning how honored she is to be a part of the Commission team.

Agenda Item 9 – Discussion and possible action on the Association of Boxing Commissions' Unified Rules of Kickboxing

EO Foster and Commissioner Shen-Urquidez provided background to the Commission about the Unified Rules of Kickboxing and their process in developing the rules. Vice Chair Lehman expressed concerns with the language of Rule 18, and requested confirmation that the rules also allow for variation for local jurisdictions. Commissioner Shen-Urquidez responded as long as the local rules do not take away from the integrity of the rules in terms of health and safety.

Spencer Walker confirmed the Commission is not required to take any action since the Association of Boxing Commissions already approved the rules on July 26, 2017.

Agenda Item 11 – Calendar year end Commission summary

EO Foster summarized the number of and the different types of events held in California in 2017. He summarized the comparisons of event revenue, attendance, and TV statistics for all professional combat sporting events in 2017. He outlined the process he has used for approving bouts, implementing the C3 Logix program, drug testing and the Pension fund. He added he continues to work with all database administrators to further refine their programming to fit the needs of all Commissions.

He concluded with a visual, which showed a comparison of California's event statistics against other Commissions. He proudly announced California sanctioned more total events in the country and almost the same number of events as New York, Nevada and Texas, combined; adding, at 38 title fights, California tied Nevada for the most sanctioned title fights.

Commissioner Shen-Urquidez commended EO Foster on his efforts in creating the regulatory handbook and year-end summary.

Agenda Item 13 – a. Business and Professions Code section 18640.5 requires the Commission to invite stakeholder testimony at Commission meetings in order to identify actions that may lead to greater opportunities for licensees to participate in major professional boxing contests.

No stakeholder comments received.

Agenda Item 14 – Public Comment on Items Not on the Agenda

Mr. Roy Englebrecht, CSAC Licensed Promoter, thanked the Commission, EO Foster, his staff, and Mr. Relyea. He stated there is no comparison of how this EO operates versus Executive Officers in the past. He concluded EO Foster and his staff are, without a doubt, the best in the country.

Agenda Item 15 – Review and approval of 2018 CSAC Meeting Dates and Locations

The Commission reviewed the list of meetings. No changes were discussed.

Agenda Item 16 – Next Meeting Scheduled for May 8, 2018, in Los Angeles, CA

The next meeting is scheduled for May 8, 2018, in Los Angeles, CA.

Agenda Item 17 – ADJOURNMENT

Meeting Adjourned.

FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #4 – Review and Possible Action of Petition to Change the Decision for Michael Guy vs. Junior Younan bout on July 29, 2017, in Long Beach, CA

BACKGROUND

On July 30, 2017, the Commission received a formal petition to change the decision of a bout which occurred at the Queen Mary on July 29, 2017, in Long Beach, CA. The Commission considered this petition at the December 12, 2017, Commission meeting. Due to a lack of preparation and information provided by the petitioner, the Commission postponed this agenda item to the February 27, 2018, Commission meeting. A continuance was granted to Mr. Younan's legal counsel until the May 8, 2018, Commission meeting.

APPEAL DETAIL SUMMARY

Mr. Michael Guy and Mr. Junior Younan competed in a bout refereed by Wayne Hedgepeth which was scheduled for eight rounds and went to a unanimous decision in favor of Mr. Younan. In his appeal, Mr. Guy details three instances in the fight where he claims that the referee did not indicate knockdowns against Mr. Younan. He believes that had the knockdowns been identified and appropriate points been deducted, the scoring of the bout would have significantly changed and ultimately resulted in Mr. Guy winning.

Subject: Mike Guy vs Junior Younan

Mr. Foster, on July 29th I viewed the fight between Mike Guy and Junior Younan at the Queen Mary facility in Southern Calif. I had a interest in the fight since I work with Mike from time to time. I will start off my note by saying both fighters were warned several times for different infractions, but what caught my attention was the referee's interpretation of the ABC regulatory guidelines for boxing and what constitutes a knockdown or a foul. Junior Younan took a knee twice to avoid punches (Under fouls)It states that if you purposely fall down on to the canvas of the ring without being hit or for the purpose of avoiding a blow, it can be considered a knockdown or a foul, this happened with 59 seconds left in the 7th and once again in the 8th round with 1:20 left in the round. the third event happened in the 8th round also with 29 seconds left in the round, he took a knee after getting hit a couple of times and then with a body shot. The rules state that it can be ruled a knockdown when as a result of a legal blow or series of legal blows, a contestant touches the floor with any part of his body other than his feet. My question to you is why didn't the ABC agent on site discuss these issues with the referee prior to the decision.....This fight should be reviewed, Mike Guy should have been the winner, or had a draw Norm Tavalero

California State Boxing Commission

Mike Guy appreciates the opportunity you have made available for him again to present his case to you under Rule 368 (change of decision). The decision in question is the Mike Guy vs Junior Younan, a fight held on the Queen Mary on July 29th 2017.

The New video we have made should show the three questionable slips in slow motion and give you a different perspective of the so called slips and should have changed the scoring by the judges and without a question the outcome of the fight. So let's look at the three relevant events that Mike has contested. #1, with approximately 1min 7sec left in round 7 Mr. Guy pinned Mr.younan in the corner and hit him with a minimum of 5 solid punches to both the head and body and Mr.Younan layed against the ropes (which were holding him up), he then tried to grab Mike around the neck and was unable to do so he then slid to the canvas like he didn't have control of his body and crawled to the ropes where he needed them to pull himself up, this took approximately 8 to 9 seconds this gave Mr. younan the same amount of recovery time for a slip as a fighter gets when he is knocked down. In round 8 with 1min 29sec Mr. Guy backed Mr. Younan into ropes where he tried to avoid a left hook and Mr. Guy hit him to the body with a right hand and a left hook, it was ruled a slip. Mr. Younan also went to the canvas with approximately 23sec left in the round when he avoided a big right hand by going to his knee. If the referee applied the knockdown rule as he should have, Mr. Guy would definitely have three knockdowns in the fight. The rule and definition states "that it can be ruled a knockdown when as a result of a legal blow or a series of legal blows", a contestant: touches the canvas with any part of his body, other than his feet. We are asking the Commission to reverse the decision and declare Mr. Guy

the winner based on the visual evidence presented here today. Thank you for allowing us this time to present our argument for employment of rule 368.....

Dear Andy:

I am writing this report in regards to the appeal hearing regarding Michael Guy vs. Junior Younan rescheduled for May 8, 2018 in Los Angeles. In response to the videos listed below I am submitting a separate brief response for clarity purposes I am labeling the six videos by number 1-6 in addition to their alphabetical sequence that I guess were identified by youtu.be/.

In video #1- LR-cE74Vjig:

Ring Synopsis: This scene opens depicts 8th round action Junior Younan is dressed in white trunks and his opponent Mike Guy is dressed in blue trunks. Boxing action Younan throws a 3 punch combination that appears to be blocked by Mike Guy. They dance around the ring Younan's back is closer to the ring ropes, but not touching, Mike Guy pursues him. Younan throws another three punch combination which lands on the gloves and arms of Mike Guy. Younan dances along the ropes next Mr. Guy attempts a long left hand punch to the body of Younan who defensively slips the punch and bends his body down along the ropes, while continuing to move he appears to lose his balance, Mr. Guy throws a left hand lead punch which is averted and then a right hand punch slap to the back of the head of Younan who is bent over attempting to regain his balance and he subsequently slips to the canvas. Mr. Guy in his pursuit punches Younan again while he is down. I rule the action a slip to the canvas as no definitive solid punch has landed to cause a knock down. I wipe off the gloves of Mr. Younan and signal for the action to continue. The action continues into another corner and both boxers continue throwing several punches eventually become entangled and the bell rings to end the round.

In video # 2- dyC00oh pB4:

Ring Synopsis: The scene opens depicting 8th round action which appears to be recorded in a slower time sequence. The action begins with Mr. Guy pursuing Mr. Younan who is attired in white trunks, Mr. Guy is dressed in blue trunks. Younan throws a three punch combination which the straight right hand punch appears to land between the blocked gloves of Mr. Guy. Next action, Younan dances away with Guy in pursuit, they which a point in the ring where Younan throws 3 more punches that appear to be a left hook and two right hand punches, of which Mr. Guy blocks, Guy responds by throwing a long left hand hook, which Younan ducks downward to slip and avert. Younan moves along the ropes, Mr. Guy pursues throwing a straight left hand punch which is averted by Younan's continual movement, next Guy attempts another short range left hook which Younan averts by ducking downward, Younan loses his balance slips to the canvas and Guy throws a right punch downward to the back of Younan's head while he is down, and follows with another left hand punch that glances off the head of Mr. Younan.

In video # 3- vnOaVXq9dBE:

Ring Synopsis: In this frame the action begins with Mike Guy dressed in blue trunks pursuing Junior Younan dressed in white trunks, they move near the ring corner with white padding, Younan dances towards the left and as Guy pursues him Younan throws a straight left hand punch at Guy while simultaneously moving away. At this time, Guy responds by throwing a straight left hand punch and then attempts to land a left hook which Younan slips by first leaning his head back and then ducking forward, becoming off balance and bending down at his waist to avert both punches, while bent over Younan's head is locked in position with the left shoulder, arm and waistline of Mr. Guy, who in response then uses his body-weight to lean in on Younan pull and push him to the canvas and on the way down hit him first with a right side body punch and then in his left side. I ruled this action a push down and not a knock down.

In Video # 4- NO0UrWFZPQM:

Ring Synopsis: The action in this video is a duplicate of the same action that are described in video # 3 includes the events occurring in the 8th and final round.

In video # 5- znkzmslmWyA:

Ring Synopsis: The action in this video takes place in round 7 of 8. It shows Junior Younan throwing a left jab followed by a straight right hand punch at Mike Guy who uses both his gloves to block Younan's punches which also include a wide louncing left hook that miss landing as Mr. Guy steps back. The fighter then move towards the corner of the ring designated by the red padding. Mr. Younan backs into the corner, Mr. Guy pursues him and Younan then proceeds to throw a looping right hand that misses, Mr. Guy appears to throw a straight left punch that misses and a right hand punch that also misses as Younan slips and averts being hit solid. Mr. Younan attempts another left hook that misses as the round comes to a close. At no time during this video event based in round 7 was there a knock-down.

In video # 6- jldIB0kkvVs:

Ring Synopsis: The action in this video occurs in round 7 of 8 it opens with Junior Younan standing near the ring corner with white padding, Younan's boxing gloves are used to block and cover his face and he appears to be leaning slightly back against the ropes, as Mr. Mike Guy appears to be pursuing him, Younan throws a left uppercut punch that is blocked by Mr. Guy – who then responds by throwing a series of three right- hand- left- hand punch combinations, some of the punches appear to slightly land on the arms, face, and head of Mr. Younan, no punch appears to land solidly to cause a knock-down. Mr. Jounan defensively uses his gloves, arms and lateral body movement to avert punches, next Younan reaches out with his arms to grab hold of Mr. Guy to make a clinch. Mr. Guy responds by moving his head and proceeds to use a right forearm press into the body and underneath the left armpit of Mr. Jounan and subsequently uses

his body weight again to lean into and press down on the body of Jounan Mr. Guy again used his left arm to press downward push against the left side of Jounan's neck, at this time Guy continues to use his body weight to further push down Mr. Jounan to the canvas. There weren't any solid landing punches that caused a knock down, and therefore I ruled this particular seven round event a slip resulting from a push down.

I verbally warned Mr. Mike Guy to desist from his persistent wrestling tactics, other fouls and habits throughout the course of this fight. Mr. Guy was admonished during the fight to stop fouling by putting his open glove into the face of his opponent. It seems the more I worked to get Mr. Guy to obey my commands especially his use of wrestling tactics, his chief second and corner appeared to encourage him not to obey my commands.

This report was prepared by pro boxing referee Gilbert Wayne Hedgpeth for the appeal hearing scheduled for May 8, 2018. If you have any questions please don't hesitate to contact me.

MEMORANDUM

DATE	May 8, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #5 – Review and approval of Application for Referee/Judge License from Ray Corona

BACKGROUND

The California State Athletic Commission (Commission) received information regarding an incident that took place on March 29, 2017, at California Golden Gloves #3 Qualifier in Los Angeles, CA. According to the USA Boxing suspension letter, Mr. Corona's behavior at this event was unprofessional and constituted a violation of California Code of Regulations § 390.

Pursuant to California Code of Regulations § 360, the Executive Officer issued Mr. Corona an eleven (11) month suspension, effective May 30, 2017 and Mr. Corona did not appeal. Upon expiration of the suspension, a future license renewal application would require full Commission approval at a public Commission meeting.

California Code of Regulations § 390

Any licensee who violates the laws of the State of California, with the exception of minor traffic violations, or the rules of the Athletic Commission, or who fails or refuses to comply with a valid order of a commission representative, or who conducts himself or herself at any time or place in a manner which is deemed by the commission to reflect discredit to boxing, may have his or her license revoked, or may be fined, suspended or otherwise disciplined in such manner as the commission may direct.

RECOMMENDATION

I recommend granting a temporary Referee/Judge License to Mr. Corona, pending USA Boxing's investigation and final disciplinary action, at which time the Commission may determine the appropriate action.

**RE: Violation of California Code of Regulations Section 390
LICENSE SUSPENSION**

Dear Mr. Corona:

The California State Athletic Commission (Commission) received information regarding an incident that took place on March 29, 2017, at California Golden Gloves #3 Qualifier in Los Angeles, CA. As a licensed Official in California, by law, you are expected to act in a professional manner. However, according to the USA Boxing suspension letter, your behavior at this event was unprofessional and constitutes a violation of California Code of Regulations § 390.

Pursuant to California Code of Regulations § 360, the California State Athletic Commission is issuing you an eleven (11) month suspension, effective May 30, 2017. Upon expiration of this suspension, a future license renewal application may require full Commission approval at a public Commission meeting.

California Code of Regulations § 390

Any licensee who violates the laws of the State of California, with the exception of minor traffic violations, or the rules of the Athletic Commission, or who fails or refuses to comply with a valid order of a commission representative, or who conducts himself or herself at any time or place in a manner which is deemed by the commission to reflect discredit to boxing, may have his or her license revoked, or may be fined, suspended or otherwise disciplined in such manner as the commission may direct.

Per Business and Professions Code 18842, you have a right to appeal this suspension before the Commission. You must submit your appeal request, in writing, within **30 days** of the date of this letter. Upon receipt of the request, your appeal will be included on the agenda for the next available Commission meeting.

Please contact the Commission office at (916) 263-2195 or csac@dca.ca.gov, if you have any questions regarding this matter.

TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #6 – Discussion and possible creation of a task force to research issues related to gender equity in combat sports

BACKGROUND

It has come to the Commission's attention that certain aspects of combat sports may affect those of different genders in improper and sometimes inequitable ways. A task force may be beneficial to address and report back on various issues. The list below could be a starting point for the task force.

1. Sexual harassment in gyms and/or competitions
2. Length of rounds in female boxing compared to female mixed martial arts
3. Income/pay disparity
4. Weight cutting for females
5. Education for trainers to understand gender specific issues
6. Improper barriers to those of different genders for fight, coaching, and/or management opportunities

RECOMMENDATION

I believe a task force to address these issues should be created and report back within one year to identify issues to be addressed and possible solutions, if any, to these issues.

AGENDA ITEM

#9

MEMORANDUM

DATE	May 8, 2018
TO	Commissioners California State Athletic Commission
FROM	Andy Foster, Executive Officer California State Athletic Commission
SUBJECT	Agenda Item #9 - Executive Officer's Report

A. Budget Update for the Support Fund, the Neurological Fund, and Pension program

The Commission's revenue from July 1, 2017, to April 19th, 2018, is \$1,454,471.69 to the Support Fund, \$8,876.84 to the Neurological Examination Account, and \$273,126.32 to the Boxers Pension Fund.

Based on these revenue numbers and the upcoming event schedule, the Commission's revenue should at least meet or exceed expenditures for this fiscal year.

B. Report on Pending and Proposed Regulations

- **Examination of Boxer Applicants** (Amendment to Title 4, California Code of Regulations section 280.) Submitted to Legal for review and approval on 8/29/17. Legal has approved the package and it was submitted for review to the Department of Consumer Affairs on 4/6/18. Once the Department has approved the regulation, it will be published with Office of Administrative Law.

C. Status Update on Delegated Entities

- CAMO Report – please see attached report.
- USA Boxing Report – please see attached report.
- USFL Report – please see attached report.
- IKF Report – please see attached report.

D. Update on C3 Logix Sports Concussion Management Program

The Commission's goal to have almost all of the remaining licensed professional athletes baseline tested with the C3 Logix neurological concussion tool by the end of this year continues to make progress. The Commission has tested almost 700 athletes working toward the goal of 1100 by year end.

E. Report on 10 Point Plan Expansion to address severe weight cutting in Boxing

The Commission has conducted a weight study on both mixed martial arts and boxing. While the more extreme cuts of weight happen in mixed martial arts, extreme weight cutting is occurring in boxing. The mainstream boxing media is becoming acutely aware of this weight cutting issue, as was evidenced in the recent episode of "The Fight Game with Jim Lampley" that airs on HBO. With Chairman Carvelli's approval, I have scheduled a weight cutting summit to discuss this issue with the Boxing Sanctioning Bodies on June 7th in Los Angeles. It is imperative to get the sanctioning bodies comments and thoughts on this subject, as they independently control the championship belts in boxing. After the meeting, I plan to bring the Commission a recommendation on how and when to best implement the 10 point plan to boxing.

F. Staffing Update

We currently have two staff out on maternity leave. One until mid-July and another until late October 2018. We recently hired a seasonal clerk and are in the process of hiring a second seasonal clerk to assist with the workload.

I will be conducting Inspector training on May 1, 2018, in southern California and on May 15, 2018, in northern California.

G. Upcoming Event Schedule

The Commission's upcoming Summer schedule looks to be busy. I would recommend the following Summer bouts to the Commissioners.

Bellator MMA at the SAP Center in San Jose (Paramount Network) 5/12/2018

Golden Boy Promotions at the Lowes Hotel in Santa Monica (Sugar Ray Charity Show) 5/23/2018

Ringstar Boxing at the Staples Center in Los Angeles (Showtime) 6/9/2018

Bellator MMA at the Pechanga Resort and Casino in Temecula (Paramount Network) 6/28/2018

UFC 227 at the Staples Center in Los Angeles (Pay Per View) 8/4/2018

Raymond James & Associates, Inc. (RJ&A), member New York Stock Exchange/SIPC, carries your account and acts as custodian for funds and securities deposited with us, directly by you, through Raymond James Financial Services, Inc. (RJFS), or as a result of transactions we process for your account. RJFS maintains written agreements with financial institutions. Unless otherwise specified, products purchased through RJFS or held at RJ&A are not insured by the FDIC, NCUA, other financial institution insurance or government agencies, are not deposits or other obligations of and are not guaranteed by the financial institution, and are subject to investment risks, including possible loss of principal invested. Our independent financial advisors may also be involved in other business entities, including their own registered investment advisor firms and/or independent insurance relationships, unrelated to their association with RJFS. These entities are completely independent of Raymond James. RJFS serves as the broker/dealer of record for your investment securities accounts only. Checks for the purchase of investment securities should be made payable to Raymond James & Associates unless you are submitting your investment directly to a recognized mutual fund or insurance company. Information about commissions, service fees and other charges related to your transactions is included on your transaction confirmations. All financial products you have purchased or sold through your Raymond James financial advisor should appear on a trade confirmation and your account statements. Please contact your financial advisor and Raymond James Client Services at 800-647-7378 if you do not see any such purchase or sale reported on your trade confirmation or account statements; if you have questions about the securities positions, balances and transactions in your account; or if you note any other inaccuracy on your account statement. Any oral communications should be reconfirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act. Raymond James' financial statement is available for your inspection at its offices or at <https://www.raymondjames.com>, or a copy will be mailed upon your written request. All other inquiries, [including updates to your investment profile] and questions about the following information regarding the investments held in your account should be directed to your financial advisor.

Securities offered through Raymond James Financial Services, Inc. Member FINRA/SIPC. Investment Advisory Services offered through Raymond James Financial Services Advisors, Inc. and/or the Independent Registered Investment Advisor, or both. Please refer to your advisory services contract and form ADV for more information. Your financial advisor may operate under a separate business entity. The business entity is independent of Raymond James Financial Services and not a broker/dealer.

Securities Investor Protection Corporation - Raymond James & Associates, Inc. is a member of the Securities Investor Protection Corporation (SIPC), which protects securities customers of its members up to \$500,000, including \$250,000 for claims for cash. Money market fund shares are not considered cash for this purpose; they are securities. An explanatory brochure is available upon request by calling 202-371-8300 or visiting <http://www.sipc.org>. Raymond James & Associates, Inc. has purchased excess SIPC coverage through various syndicates of Lloyd's, a London-based firm. Excess SIPC coverage is fully protected by the Lloyd's trust funds and Lloyd's Central Fund. The additional protection currently provided has an aggregate firm limit of \$750 million, including a sub-limit of \$1.9 million per customer for cash above basic SIPC for the wrongful abstraction of customer funds. SIPC coverage is not the same as, and operates differently from, FDIC deposit insurance. Account protection applies when a SIPC-member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against market fluctuations.

Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are affiliated with Raymond James Bank, National Association (N.A.), member FDIC. Unless otherwise specified, products purchased from or held at Raymond James & Associates or purchased from Raymond James Financial Services are not insured by the FDIC, are not deposits or other obligations of Raymond James Bank, N.A., are not guaranteed by Raymond James Bank, N.A., and are subject to investment risks, including possible loss of the principal invested.

FINRA Disclosure - For additional background information on any firm or representative registered with the Financial Industry Regulatory Authority (FINRA), please contact FINRA at 800-289-9999 or <http://www.finra.org> and request the public disclosure program brochure.

MSRB Disclosure - Raymond James & Associates, Inc. and Raymond James Financial Services, Inc. are registered with and subject to the rules and regulations of the U.S. Securities and Exchange Commission (SEC) and the Municipal Securities Rulemaking Board (MSRB). Both the SEC and the MSRB publish websites containing information and resources designed to educate investors. In addition to educational materials about the municipal securities market and municipal securities market data, the MSRB website includes an investor brochure describing protections that may be

provided by MSRB rules, including how to file a complaint with the appropriate regulatory authority. For more information, visit <https://www.sec.gov/> and <http://www.msrb.org/>.

Availability of Free Credit, Bank Deposit Program, and Shares of the Cash Sweep Money Market Mutual Fund Balance - You have the right to receive, in the normal course of business, any free credit balance, bank deposit program balance, the net asset value of shares of the cash sweep money market mutual fund balance, and any fully paid securities to which you are entitled, subject to any obligations you owe in any of your accounts.

Third Party Payments Disclosure - In addition to the fees you pay directly for the services offered by Raymond James and your advisor, Raymond James receives fees from various sources. For more information on fees and expenses, please see <https://raymondjames.com/legal-disclosures/third-party-payments>.

Cost Basis - Effective January 1, 2011, Raymond James reports adjusted cost basis for tax lots of securities covered by the Emergency Economic Stabilization Act of 2008 to the IRS on Form 1099-B. These tax lots are indicated by a "c." Raymond James will default to the first-in, first-out (FIFO) cost basis accounting method for trades and transfers unless a different method has been selected.

For tax lots or securities that are not covered by the Emergency Economic Stabilization Act of 2008, cost basis information may not be available, may have been estimated by you or your financial advisor, or may have been obtained from third-party sources, and in these instances, Raymond James cannot guarantee its accuracy. Information for uncovered positions will not be reported to the IRS.

Gain or loss will only be calculated for tax lots that have cost basis. Gain or loss information may or may not reflect adjusted cost for return of principal/capital or accretion/amortization. Tax lots where the cost basis is true zero, displayed as 0.00, are included in cost calculations. "Gain or (loss) Pct" is calculated utilizing total cost basis.

Understanding Your Statement (continued)

California State Athletic Comm Account No. 56658065

Missing basis is not included in cost calculations. Please contact your financial advisor to have missing cost basis information added to your account.

The cost basis, proceeds, or gain/loss information reported has been adjusted to account for a disallowed loss from a wash sale. These adjustments are indicated by a "w" on the affected taxlots. A wash sale occurs when a security is sold for a loss and is re-purchased either 30 days before or after the sell.

Cost basis information for uncovered securities or tax lots will not be reported to the IRS; it is displayed for your information only and should not be relied upon for tax reporting purposes. Past performance is not a guarantee of future results. Market valuations may have been obtained from third-party sources and Raymond James cannot guarantee its accuracy or completeness.

For securities classified as Grantor or Royalty Trusts, Master Limited Partnerships or other widely held fixed income trusts, cost basis is not adjusted. These securities receive principal payments or distributions that are classified differently by the issuer at the end of the year. Clients should continue to rely on the issuer information for both cost basis adjustments as well as proceeds adjustments for these securities. For this reason the gain/loss displayed will be unadjusted and is not a true indicator of the investment return. Any adjustment to sales proceeds will be reflected on your 1099.

Unrealized gains or losses are not calculated for depreciated gifted securities, referred to as dual basis, indicated by a "d." Both Total Cost and Gift FMV exist, as the actual gain/loss cannot be determined until the position is sold.

Reinvestments of dividend or capital gain distributions are excluded from Amount Invested but are included in Total Cost Basis. For any security in which a client has elected the average cost reporting method, the Amount Invested will utilize the average cost per share of all tax lots to calculate amount invested.

Mutual fund tax lots are displayed as one total position and may include covered and non-covered tax lots some of which could be adjusted for wash sales. Sold mutual fund shares that were purchased through reinvestments are combined and shown with a purchase date of "various."

Adjustments made to cost basis throughout the year may cause the information displayed on your client statement to differ from what is reported on the 1099-B which is provided to the IRS at the end of the year.

Please refer to the fixed income and alternative investment disclosures for additional cost basis information on those securities.

Raymond James Bank Deposit Program - The Raymond James Bank Deposit Program is a multibank cash sweep program that deposits available cash in your brokerage account into interest-bearing deposit accounts at one or more banks. Raymond James Bank Deposit Program balances are insured solely by the Federal Deposit Insurance Corporation (FDIC), subject to FDIC limitations and guidelines, which are explained at <https://www.fdic.gov>.

The Raymond James Bank Deposit Program rate displayed in the Cash & Cash Alternatives section of your statement is the established rate for the last business day of the reported month. However, in the event that a large deposit is made on the last business day of the month, the rate for the next business day may be displayed. Estimated Annual Income is calculated using this rate and, therefore, is solely an estimated value for the month and may not reflect your actual income.

"Your bank priority state" indicates the corresponding Bank Priority List that applies to your account. "RJBDP participating banks you declined" displays the names of the banks you have designated as ineligible to receive your funds, which results in your funds being directed to the next bank on the Bank Priority List. "Participating banks recently added" displays additional banks that have been added to the program in the last 90 days. You have the right to designate any bank in the program as ineligible to receive your funds by contacting your financial advisor.

More information about the Bank Deposit Program, including the current Bank Priority Lists, is available at <https://www.raymondjames.com/rjbdp>.

Exchange-Traded Products (ETPs) - ETPs are investment products that are listed on a national stock exchange and can thus be bought and sold in the equity trading markets. ETPs encompass a number of structures that track an underlying benchmark, index or portfolio of securities. ETPs may be structured as registered unit investment trusts (UITs), exchange-traded funds (ETFs), exchange-traded notes (ETNs), grantor trusts or commodity pools.

A number of ETPs employ, to varying degrees, more sophisticated, financial strategies and instruments such as leverage, futures, swaps and derivatives in order to achieve their investment objectives. Those ETPs are commonly referred to as "non-traditional ETPs." Non-traditional ETPs are more complex than traditional ETPs and may not be appropriate for all investors. These may include leveraged or inverse ETPs, some actively-managed ETPs, futures-linked ETPs, volatility ETPs, some ETNs and other products.

Non-traditional ETPs will generally have higher fees than traditional ETPs. All fees and expenses are described in the prospectus. The ability of an ETP issuer to perpetually create new shares contributes to an ETP's efficiency and accuracy in tracking its index. However, under certain circumstances, issuers may cease or suspend creating new shares, which may cause ETPs to trade at a price that differs significantly from the value of its underlying holdings or index. Furthermore, all ETPs may trade at a premium or discount to their net asset value (NAV) or indicative value in the case of ETNs.

Some ETPs may not trade in high volume, which could impact your ability to buy or sell your shares at the desired price and/or quantity. ETPs can be closed for a variety of reasons, which can cause forced taxable events for investors, including capital gains distributions. Furthermore, there can be closing costs associated with the final liquidation of the ETP and index tracking uncertainty as the ETP liquidates its assets.

Investors should consider an ETF's investment objective, risks, charges and expenses carefully before investing. The prospectus, which contains this and other important information, is available from your financial advisor and should be read carefully before investing.

Time Weighted Performance Reporting - Performance returns are calculated net of management fees, if applicable. Returns for periods greater than one year are annualized returns unless they represent entire 12-month periods. All performance figures exclude unpriced securities (including securities of indeterminate value), limited partnerships (other than limited partnerships classified as Alternative Investments and appearing in that section of your statement). Performance for Annuity and RJ Bank CD's may not be all inclusive. Previous calculations for managed accounts may have been adjusted for investment manager performance. Considering these exclusions, overall performance may be different than the results presented in this statement. Past performance is not a guarantee of future results. Information used to calculate performance may have been obtained from third party sources and Raymond James cannot guarantee the accuracy of such information.

Understanding Your Statement (continued)

California State Athletic Comm Account No. 56658065

Investment Advisory Program Client Notice - As an advisory client who has delegated investment discretion to Raymond James or a third-party manager, you should be aware that you have the ability to impose reasonable restrictions on the investments made within your managed and/or discretionary account(s), or reasonably modify existing restrictions you may have already imposed. Reasonable restrictions may include the designation of particular securities or types of securities that should not be purchased in your account. However, Raymond James or the manager may determine that the implementation of such a restriction may be impractical. In the event such a determination is made, you will be notified promptly. Raymond James cannot accept instructions to prohibit or restrict the purchase of specific securities or types of securities held within mutual funds or ETFs purchased by Raymond James or the manager on your behalf. Should you wish to impose or modify your existing restrictions, or your financial condition or investment objectives have changed, please contact your financial advisor or the Asset Management Client Services Department at 727-567-1000, ext. 74991.

Estimated Annual Income and Estimated Income Yield - The Estimated Annual Income (EAI) and Estimated Income Yield (EIY) provided on this statement are an estimate of the income a security will distribute during the year. These figures should not be confused with actual cash flows, investment yields or investment returns. Actual income or yield may be lower or higher than the estimated amounts. A number of factors may influence the actual income or yield that is received. The amount or frequency of an issuer's dividend may fluctuate or cease, which may cause the income and or yield of the security to fluctuate. EIY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. EAI and EIY for certain types of securities could include a return of principal or capital gains which could overstate the EAI and EIY. Information used to calculate Estimated Annual Income and or Estimated Income Yield may be obtained from third party sources and Raymond James cannot guarantee the accuracy of such information. Estimated Annual Income and or Estimated Income Yield amounts should not be used as a financial planning tool.

Pricing - While sources used for pricing publicly traded securities are considered reliable, the prices displayed on your statement may be based on actual trades, bid/ask information or vendor evaluations. As such, the prices displayed on your statement may or may not reflect actual trade prices you would receive in the current market. Pricing for non-publicly traded securities is obtained from a variety of sources, which may include issuer-provided information. Raymond James does not guarantee the accuracy, reliability, completeness or attainability of this information. Investment decisions should be made only after contacting your financial advisor.

Asset Allocation Analysis - This analysis is for informational purposes only and is intended to be used as part of a complete portfolio review with your financial advisor. The data provided in the asset allocation analysis is subject to inherent limitations and is not guaranteed to represent actual asset class exposure(s) within your account(s) at the time of calculation. See <https://investoraccess.rj.com/faq/#assetallocation> to learn more. Raymond James and Morningstar data are subject to the availability of fund filings as well as internal analysis and may not represent real-time allocations.

The Cash & Cash Alternatives asset class represents cash and money market holdings, as well as cash allocations contained in mutual funds, annuities, and other investment products. For an actual cash value, please refer to the holdings sections of the Client Statement.

Due to rounding, the sum of the broad classes may not exactly match the total assets value.

Product Interest Rate Risk - The performance of your investment can be affected by various risks, including without limitation, interest rate risk. The fixed income portion of your investment is particularly sensitive to interest rate risk. Generally, a rise (fall) in interest rates will reduce (increase) the market value of the fixed income portion of your investment. An overview of this and other risks is available at <https://www.raymondjames.com>, <http://www.finra.org>, <https://emma.msrb.org>, and <http://investinginbonds.com>.

UPDATES TO THE RAYMOND JAMES CLIENT AGREEMENT

Raymond James recently changed the terms of our Client Agreement and Master Client Agreement. Pursuant to the terms of your agreement, if you do not contact us to terminate the agreement, your existing agreement will include the following changes effective 30 days from the date of this notice. To obtain a complete copy of the updated agreement, please contact your advisor.

The second and fourth paragraphs of the **Raymond James Cash Sweep Programs** section have been modified to remove references to the International Bank Deposit Program, as set forth below. All other language remains the same in this section.

- For Non-Retirement Accounts, the following sweep options are available: RJBDP, RJBDP – RJ Bank Only, CIP, RJBDP with CIP, RJBDP with Eagle Class – JPMorgan U.S. Government Money Market Fund, Eagle Class – JPMorgan U.S. Government Money Market Fund, Eagle Class – JPMorgan Municipal Money Market Fund, Eagle Class – JPMorgan California Municipal Money Market Fund, and Eagle Class – JPMorgan New York Municipal Money Market Fund.
- For IRAs that are not Managed Accounts, the available sweep options are: RJBDP, RJBDP – RJ Bank Only, RJBDP with Eagle Class – JPMorgan U.S. Government Money Market Fund, or Eagle Class – JP Morgan U.S. Government Money Market Fund.

The **Raymond James Capital Access Account Agreement** section has been modified. The reference to the "International Bank Deposit Program (Non-FDIC)" in the paragraph discussing check wiring has been removed to reflect that Raymond James may satisfy debits you create in your account in the following order of priority: from available funds held in CIP, from the RJBDP, from the RJBDP – RJ Bank only, and then from the Money Market Funds, if any. Additionally, the subsection titled "Account Description" has been removed and replaced in its entirety with the following:

Account Description

The Capital Access Account integrates a conventional securities account with a cash management account, which provides a VISA Platinum debit card and check writing services. As part of that account, cash balances awaiting investment may earn interest daily in one or more of the following options: RJBDP, Raymond James Bank Deposit Program – Raymond James Bank only, CIP, Eagle Class – JPMorgan U.S. Government Money Market Fund, Eagle Class – JPMorgan Municipal Money Market Fund, Eagle Class – JPMorgan New York Municipal Money Market Fund, or Eagle Class – JPMorgan California Municipal Money Market Fund. A minimum of \$1,000.00 in uninvested funds is required for the initial sweep into the Eagle Money Market Funds.

UPDATES TO IMPORTANT INVESTOR INFORMATION

The following updates have been made to the **Sweeps (Transfers) to and from Income-Producing Accounts** section:

- The **International Bank Deposit Program (Non-FDIC)** subsection has been removed.
- The **Cash Sweep Options** table in the **Amendments to the Raymond James Cash Sweep Programs** subsection has been updated to remove the International Bank Deposit Program (Non-FDIC) option.

- The **Cash Sweep Alternatives** table has been updated to remove the International Bank Deposit Program (Non-FDIC) option.

UPDATE TO PROCESSING FEE

Effective May 1, 2018, the fee to transfer an account from Raymond James will be \$125. If you have any questions, please contact your advisor.

\$15 ACCOUNT FEE CREDIT FOR GOING PAPERLESS

Effective May 2018, you can receive a \$15 account fee credit when you choose online document delivery for accounts subject to any of the following:

- Annual Account Maintenance Fee (charged annually in August)
- Capital Access Fee (waived the first year, then charged annually on the account opening anniversary month)
- Retirement Account Fee (charged annually on the account opening anniversary month)

How to get the credit

If your account is subject to one of the fees above, it can be eligible for the credit if it meets the following criteria:

- You maintain online delivery of your account documents (including statements, confirmations, shareholder documents, tax reporting, and other correspondence).
- The account contains a minimum of \$5000 in cash or securities on its billing date.
- At least \$600 in deposits have been made in the account in the 12 months before the billing date.

How to elect paperless delivery

To elect paperless delivery of all documents, log in to Investor Access, visit the Account Services tab and select "Online viewing only" as the document delivery option for the account.

- If you do not have an Investor Access login, visit <http://raymondjames.com/investoraccess> and click "Enroll in Investor Access" or contact your advisor for assistance.
- Note: If your account meets these criteria and you have already elected paperless delivery of your account documents, you will automatically receive this credit provided you maintain eligibility as outlined above.

Additional information

- You can receive multiple \$15 credits (one per account) if you elect paperless delivery on more than one eligible account.
- The first eligible accounts to receive the credit will be those billed in May 2018.
- Credit(s) received will appear on statements and in Investor Access under "Activity Detail."
- It is important that you regularly check your document delivery email address in Investor Access to ensure it is current, valid, and spelled correctly.
- For your protection, Raymond James will reset your document delivery elections to all paper if you do not log in to Investor Access for more than six months, or if notifications sent to your email address are returned undeliverable more than once within 30 days. If the account is reset to paper delivery, you will not receive the credit.
- This program does not apply to accounts already receiving fee waivers.

If you have questions, or would like more information, please contact your advisor. To learn more about Investor Access, visit www.raymondjames.com and search keyword Investor Access.

1. CAMO SAFETY AND SUSPENSION REPORT: UPDATE

There have been no major injuries of a heightened concern for the commission to review since the last CSAC meeting and report on February 27, 2018 in Anaheim, CA.

As part of our regulatory process, CAMO monitors bout result and injury statistics from all events. Attached hereto is a year-to-date summary of the injuries and suspensions that CAMO has issued. These suspensions are consistent with historical data from years as, as presented to the Commission.

CAMO has completed 228 individual bouts this year and the results of those bouts are displayed in Diagram 1. Bout result statistics are important statistics, especially as they are tracked historically. These statistics, as provided, are consistent with historical numbers. The KO percentage remains very low for combative sports, which we are well pleased. Our referees are trained to err on the side of caution when working with amateur athletes which is represented in this number. The large number of TKO bout results as compared to the KO bout results demonstrates a consistent approach to stopping fights as early as possible while still allowing the athlete to compete.

2. FINANCIAL REPORT:

No update from last report. CAMO reserves are within required operating ranges.

3. INSPECTOR TRAINING:

CAMO is committed to training and preparing excellent officials including inspectors that will, one day, work with the California State Athletic Commission on the largest stages in the world. On February 27, 2018, CAMO reported to the Commission plans to start online training for CAMO officials. We continue to move forward with this initiative and fee confident our program will be released in 2018, as planned. In addition, we are coordinating a state-wide lead inspector training that is tentatively scheduled for June 9, 2018 in Visalia, CA.

4. NEW EQUIPMENT MANUFACTURER AND DISTRIBUTION:

CAMO has secured a new manufacturer for the CAMO standardized gloves. We look forward to more predictable delivery dates and reduced sourcing time with this new manufacturing partner. The CAMO glove will now be manufactured by Blackout Fight Gear and the products will meet or exceed CAMO's current glove standards. In addition, CAMO has entered into a distribution agreement that will allow for athlete equipment to be shipped directly to the fighter, eliminating inefficient delivery methods.

5. CAMO UPCOMING EVENTS:

As requested by the Commission, attached please find our upcoming event calendar that is also maintained on our website: www.camomma.org. It is always our pleasure to have a member of the Commission visit our events.

In closing, 2018 is off to a tremendous start and we are looking forward to our new online training program. We hope to continue to collaborate with CSAC in 2018 to explore opportunities to address weight cutting and maintain CAMO at the forefront of this issue. Thank you for your continued support.

Sincerely,

JT Steele | President, California Amateur Mixed Martial Arts Organization, Inc.

IKF CALIFORNIA "SHORT REPORT" FOR THE CSAC

February 24th, 2018 - April 23rd, 2018

Since the IKF's last CSAC report of February 12th, 2018, the IKF has regulated 8 Amateur Muay Thai / Kickboxing Events in the State of California. Here are the event details of these "8" IKF Sanctioned Events:

<u>MONTH OF EVENTS</u>	<u>BOUTS</u>	<u>DECISIONS</u>	<u>ENDED IN KO/TKO</u>	<u>MEDICAL SUSPENSIONS</u>	<u>NOR CAL EVENTS</u>	<u>SO CAL EVENTS</u>
FEBRUARY	15 <i>(*) 1 fighter did not pass her pre-bout physical due to dehydration.</i>	12	3	*6	1	1
MARCH	38	25	13	14	0	3
APRIL	33 <i>(**) 1 bout ended by an accidental foul (knee to head) in round 1 and was declared a "No Contest"</i>	25	*8	**8	1	2
TOTAL	86	62	24	28	2	6

ALL OF THE ABOVE BOUT DETAILS CAN BE FOUND AT THIS WEB PAGE:

<http://www.ikfkickboxing.com/IKFCAPASTEVENTS.htm>

- ◆ Of these Events, 2 of them were combined Pro & Amateur Events with the CSAC. All 8 Events were Actual Full Contact Muay Thai/Kickboxing Events with 86 competition bouts fought.
- ◆ Of the 86 REAL Full Contact Competition Bouts, the IKF Physicians issued 28 Medical Suspensions.
 - 2 were 180 day Medical Suspensions.
 - 3 were 60 day Medical Suspensions - 1 who did not pass her pre bout physical due to dehydration.
 - 16 were 45 day Medical Suspensions.
 - 7 were 30 day Medical Suspensions.

DETAILS OF THE 2, 180 DAY MEDICAL SUSPENSIONS

1: On 1 of these events, the athlete/fighter was knocked out by a punch and remained unconscious for 4:04 before recovering and speaking/responding. He was transported to the trauma center by ambulance from the venue. A follow up with his trainer indicated that he had obtained a CT scan and was recovering nicely in his hospital bed. This fighter was one of the two fighters who was given a 180 day no competition Medical Suspension until October 12, 2018. This suspension was given by CSAC Doctor, Dr. Diego Allende M.D.

2: The other 180 day medical suspension was because the athlete/fighter had a possible nose fracture and the suspension is until September 21, 2018. This suspension was given by CSAC Doctor, Dr. Mitch Jelen M.D. It was also noted that the athlete/fighter can be cleared by MD if proven to show no break after x-ray to reduce the suspension to a 30/45 Medical suspension.

DETAILS OF THE 3, 60 DAY MEDICAL SUSPENSIONS

1: 60 / 60 Medical Suspension 2-24-18, Event 187

After an Unintentional Foul/Injury the athlete/fighter was unable to continue by recommendation of the Doctor (eye injury) after the end of round 1. the medical suspension was given by CSAC Doctor, Dr. Mitch Jelen MD. Athlete/fighter must be cleared by Ophthalmologist to compete again.

IKF CALIFORNIA "SHORT REPORT" FOR THE CSAC

February 24th, 2018 - April 23rd, 2018

DETAILS OF THE 3, 60 DAY MEDICAL SUSPENSIONS - CONTINUED

3: 60 / 60 Medical Suspension 2-24-18, Event 187

Athlete/fighter was issued a 60 medical suspension until 4-26-18 after her pre-fight physical by CSAC Dr. Mitchell Jelen due to dehydration and "HER OWN CLAIM" of losing 14 lbs in 1 day. Athlete/fighter has been placed on a 60 day Health & Safety Medical Disciplinary suspension until 4-26-18 for trying to lose so much weight in so little time.

2: 60 / 60 Medical Suspension 3-31-18, Event 191

Athlete/fighter was issued a 60 medical suspension until 5-31-18 due to cut over left eye that required stitches.

DETAILS OF THE 17, 45 DAY MEDICAL SUSPENSIONS

16- 30 / 45 Medical Suspension were given for precautionary reasons due to TKO/KO stoppages.

DETAILS OF THE 7, 30 DAY MEDICAL SUSPENSIONS

-7- 30 / 30 Medical Suspension were given for precautionary reasons due to TKO stoppages.

DUAL WEIGHT CHECK ADDITION AS OF 2-25-18

On ALL IKF Sanctioned events with pre-day weigh-ins, the IKF now re-weighs every fighter on fight day when the fighters check in before the event. Details of these results will be reported at the upcoming meeting.

SANCTIONED EVENT TOTALS

In all, since the IKF was delegated to oversee Amateur Kickboxing and Muay Thai in California on March 17th, 2014 by the California State Athletic Commission, the IKF has sanctioned/regulated a total of 194 events. By the May 8th, 2018 CSAC Commission meeting, the IKF will have sanctioned a total of 196 Amateur Kickboxing / Muay Thai Events.
