2002-2003

California Department of Consumer Affairs

Annual Survey 2002-2003 Introduction

REGULATORY STRUCTURE AND FUNCTIONS

The mission of the Department of Consumer Affairs (DCA) is to promote and protect the interests of California consumers. In support of this mission the Department of Consumer Affairs' regulatory entities license, register, or certify practitioners according to qualifications established by each entity. Some programs authorize other organizations to provide services associated with the entity's purpose; typically education of practitioners or direct services to consumers. DCA's regulatory entities also investigate complaints and discipline those who violate practice requirements.

The Annual Survey helps to monitor the Department's achievements by providing numerical summaries of each regulatory entity's licensing, examination, and enforcement processes. This enables individual entities and the Department to track year-to-year changes within entities as well as differences between entities. The resulting data inform program and administrative decisions.

The Department's regulatory entities currently are comprised of 25 boards, 8 bureaus, 4 committees and 1 commission. Two boards (the Medical Board and the Board of Vocational Nursing and Psychiatric Technicians) encompass more than one program. There are additional programs under DCA that are not a part of this Statistical Profile, including the Office of Privacy Protection, the Task Force on Culturally and Linguistically Competent Physicians and Dentists, the Consumer Information Center, the Consumer Mediation Program, and the Arbitration Certification Program. Altogether, boards, bureaus, committees, and the commission comprise 38 regulatory entities that each report Annual Survey data.

The Legislature evaluates the operations of Department entities primarily through Sunset Review, a process to which Annual Survey data contribute. Legislation may establish new entities, cease operations of others, transfer some to another agency, or change an entity's status within the Department. Such changes are reflected in this report.

The Department provides support to the boards, committees, and the commission. The boards, committees, and the commission are semiautonomous bodies whose members are appointed by the Governor and the Legislature. Bureaus report directly to the Department. License, examination, and enforcement fees almost exclusively fund Department operations.

Introduction (continued)

SUMMARY OF ANNUAL SURVEY CONTENT

The Annual Survey provides a descriptive overview (including budgetary information) for all entities, a detailed look at licensing requirements, highlights of enforcement activities, and, finally, data showing costs and recovery stemming from various investigations. The DCA entities are grouped according to the types of services they provide, to make it easier to locate specific programs. The three groupings are as follows:

Business Services:

Accountancy
Barbering & Cosmetology
Electronic & Appliance Repair
Private Postsecondary & Vocational Education

Athletic Commission
Cemetery & Funeral
Home Furnishings & Thermal Insulation

Automotive Repair
Court Reporters
Security & Investigators

Design/Construction:

Architects
Engineers & Land Surveyors

Landscape Architects
Structural Pest Control

Contractors
Geologists & Geophysicists

Healing Arts:

Acupuncture
Dental Board
Medical Board
Osteopathic Physicians
Physician Assistants
Registered Nursing
Telephone Medical Advice Services
Vocational Nursing & Psychiatric Technicians

Behavioral Sciences
Guide Dogs for the Blind
Occupational Therapists
Pharmacists
Podiatric Medicine
Respiratory Care Practitioners
Veterinary Medicine & Veterinary Technicians

Dental Auxilliary
Hearing Aid Dispensers
Optometrists
Physical Therapists
Psychologists
Speech-Language Pathology & Audiology

This report captures only a portion of the workload of the regulatory entities. For additional information about DCA and its programs, please visit the Department's Web site at www.dca.ca.gov.

The Department submits to the Governor and the Legislature the following Annual Survey.

Bureau of Automotive Repair a) Events and Speaking engagements total 670 for BAR and are not separated.

b) BAR ran a Public Information and Education campaign using radio and billboards from the week of March 24th, 2003 through the week of June 16, 2003. 60 second Radio ads ran in English and Spanish and 10 second traffic alerts also ran in English during the campaign. The main message of the information campaign was to inform consumers about the BAR as a resource. The campaign encouraged consumers to visit the BAR website as a resource for information on everything from Smog Check to tips on vehicle maintenance and how to file a claim. This campaign resulted in approximately 670 million impressions. BAR web site hits grew dramatically during the campaign with year over year increases of 55% in June, 33% in May, and 39% in April.

CLOSED COMPLAINTS AND INVESTIGATIONS*

*Complaints Closed without Going to Investigation, Complaints Referred to Sworn Investigators for Formal Investigation, and Complaints Referred to Non-Sworn Investigators for Formal Investigation represent the three ways in which complaints are addressed. Adding the totals of these three categories together provides the total number of Complaints Closed.

Bureau of Automotive Repair

- a) BAR complaints do not necessarily initiate a formal investigation. If a pattern of violations of the Automotive Repair Act is revealed or allegations of fraud are involved, complaints may be used to support the opening of a formal investigation. BAR primarily uses complaint trends and allegations, smog emission analyzer test data and follow-up inspections to determine the need for formal investigation.
- b) 3,794 contractual & 3 personal conduct

- Automotive Repair** a) January 15, 2003, BAR discontinued the issuance of Notices of Violation (NOV). The NOV was always intended as a courtesy notice to the licensee requesting voluntary compliance where lower grade violations of the Automotive Repair Act have occurred. There is no penalty as a result of the NOV. However, lawsuits against auto repair dealers in Los Angeles and Orange Counties have elevated the consequences of the NOV to levels much higher than ever intended.
- Court Reporters** b) Total number of inspections include 1,166 attempts to inspect the businesses that were closed and 1,271 instances when the establishment was out of business.
- Cemetery & Funeral** c) The tracking system does not distinguish between Inspection Citations Issued and other Citations issued as a result of Bureau investigations. Therefore, both categories of citations are reported under Citation and Fine Data.
- Court Reporters** d) Inspection data pertains to school inspections only - compliance and/or violations were determined in FY03/04.

Accountancy

a) Total Number of Citations Issued with a Fine is greater than the Total Number of Citations Issued due to the fact that one citation can be issued for more than one violation.

Barbering & Cosmo

- b) Total Number of Citations Withdrawn by Inspection Unit
- c) Total Number of Citations Dismissed is by DRC or ALJ
- d) Total Amount of Fines Reduced Includes first time fines that are waived if compliance is received and citations and fines under appeal.
- e) Total Amount of Fines Collected includes some fines paid from past years.

Cemetery & Funeral

f) The Total Number of Citations Issued is higher than FY 02-03 due to revised operations. The tracking system does not distinguish between Inspections Citations Issued, reported in the Inspection Data chart and other citations issued as a result of Bureau investigations, reported in the Citation and Fine Data chart. Therefore, both categories of citations are reported under both Citation and Fine Data and under Inspection Data.

Court Reporters

g) Total Number of Citations Issued with a Fine Includes fines with citations under "withdrawn" or "dismissed"

Geology & Geophysicists

- h) B & P 125.9 limits amount of fine payable to \$2,500, no matter how large the assessed fine.
- i) Total Amount of Fines Collected includes data from the previous fiscal year.
- j) Total Number of Citations Issued with a Fine by Board enforcement staff represents the all time high record of consumer protection enforcement activity by the Board.

COST RECOVERY & CONSUMER RESTITUTION

Continued from page 68

BUSINESS SERVICES

Accountancy

- a) Total Enforcement Expenditures includes all expenses incurred by the Board's Enforcement Division.
- b) Number of potential cases for recovery is based on the assumption that all cases could potentially result in cost recovery. Cost recovery is not ordered in cases involving a default decision. In the event that the licensee attempts to reinstate, the potential for cost recovery may be addressed.
- c) Amount of cost recovery ordered and collected is unusually high for FY 02-03 due to a single case in which the amount ordered/collected amounted to \$1,836,668.
- d) Consumer Restitution Amount Collected is moneys owed from a prior fiscal year.

Automotive Repair

- e) Restitution ordered, which equals Cost Inflows minus Consumer Restitution minus Amount Collected in a civil filing by a local district or city attorney, is difficult to track. The monies are collected by the city/county in which the action is filed and are not awarded to or distributed to BAR.

Cemetery & Funeral

- f) Consumer Restitution Ordered and Collected includes restitution ordered by disciplinary actions and ordered to consumer trust funds through Bureau audits of trust fund reports. Due to trust issues, the Bureau independently identifies the deficiency and obtains compliance from the licensee (by contribution to the trust fund).

Elect. & Appliance Repair

- g) Consumer Restitution is a result of complaint mediation and enforcement investigation.

DESIGN & CONSTRUCTION

Eng. & Land Surveyors

- h) Total enforcement expenditures represents the total costs of the Office of the Attorney General, the Office of Administrative Hearings, the Division of Investigation, and Technical Expert Witnesses; it does not include Board staff costs.
- i) Total amount collected includes payments from respondents who are allowed to make payments during the period of probation.
- j) Consumer Restitution-Amount Ordered and Collected: One decision ordered restitution be paid in an amount to be determined by the civil court settlement.

Geology & Geophysicists

- k) Total enforcement expenditures represent the total costs of the Office of the Attorney General, the Office of Administrative Hearings, the Division of Investigation (DOI), and Technical Expert Witnesses and does not include Board staff person cost. Since DOI has been unable to report accurate datum, the actual cost of maintaining investigations sent to DOI is not known.

Dental Board
Occupational Therapists
Physical Therapists
Psychologists
Resp. Care Practioners

- a) Total enforcement expenditures is the total cost for the Board's entire enforcement program.
- b) Potential cases for recovery: One accusation was filed in FY 02-03 requesting cost recovery; final decision will be rendered in FY 03-04.
- c) Total amount collected reflects monies collected in FY 02-03, for which some of the recovered amounts were ordered in prior fiscal years.
- d) Total Enforcement expenditures includes Attorney General expenditures, Evidence/Witness Fee expenditures, and Investigation costs, which are costs that have the potential to be recovered through cost recovery.
- e) Total amount collected includes reimbursement of probation monitoring costs and monies received from costs awarded in prior years.

- a) Program disbursements are based on vehicles repaired or retired and invoiced by the station or dismantler.
- b) Gross benefit calculation attributed to CAP does not take into consideration the emissions benefit that would have taken place in the absence of CAP.
- c) This figure is any application that is in a deficient status not determined (i.e., approved or denied) and applications in a deficient status waiting for additional information from the applicant.
- d) This figure is the number of Vehicle Retirement applications approved but not retired in FY 01/02.
- e) The Vehicle Retirement option was suspended 1/1/02. No new applications have been approved/retired. Vehicles retired had been previously approved at the \$1,000 disbursement amount before suspension of the program.
- f) This figure represents a \$1,000 state contribution to the consumer, and an average cost of \$98 administrative fee paid to the contracted auto dismantler.
