# Webex Public Access Guide

If joining using the meeting link

1 Click on the meeting link. This can be found in the meeting notice you received.

2 If you have not previously used Webex on your device, your web browser may ask if you want to open Webex. Click "Open Cisco Webex Start" or "Open Webex", whichever option is presented. DO NOT click "Join from your browser", as you will not be able to participate during the meeting.
Click **Open Webex** on the prompt.
If the prompt doesn't appear, click **Launch Event** instead.

Launch Event

Don't have Webex? Download it now.
Having trouble with the app? Join from your browser.

3 Enter your name and email address.
Click "Join as a guest" .
Accept any request for permission to use your microphone and/or camera.

Join the event
If you're the event host, sign in to start the event.

webex

"Cisco Webex Meetings" would like to access the microphone.

Allow Webex Meetings to access your microphone so that others can hear you in the meeting when you use your computer for audio. Webex Meetings also uses your microphone to automatically discover and connect to nearby Cisco devices.

Don't Allow   OK

─────── OR ───────

If joining from Webex.com

1 Click on "Join a Meeting" at the top of the Webex window.

Connect via telephone*:
You may also join the meeting by calling in using the phone number, access code, and passcode provided in the meeting notice.

Microphone

Microphone control (mute/unmute button) is located on the command row.

⏻ Unmute ⌄	▷ Start video ⌄	⬆ Share

| ⏻ Mute ⌄ | Green microphone = Unmuted: People in the meeting can hear you. |

| ⏻ Unmute ⌄ | Red microphone = Muted: No one in the meeting can hear you. |

Note: Only panelists can mute/unmute their own microphones. Attendees will remain muted unless the moderator enables their microphone at which time the attendee will be provided the ability to unmute their microphone by clicking on "Unmute Me".
Unmute yourself ✕

You're being asked to unmute yourself.

[Unmute me] [Stay muted]
If you cannot hear or be heard

1 Click on the bottom facing arrow located on the Mute/Unmute button.

2 From the pop-up window, select a different:
- Microphone option if participants can't hear you.
- Speaker option if you can't hear participants.

◁ Call in   [View]

3 Select the "Call In" option and following the directions.
The question-and-answer feature (Q&A) is utilized for questions or comments. Upon direction of the meeting facilitator, the moderator will open the Q&A panel for meeting participants to submit questions or comments. *NOTE: This feature is not accessible to those joining the meeting via telephone.*
1 Access the Q&A panel at the bottom right of the Webex display:
- Click on the icon that looks like a "?" inside of a square, or
- Click on the 3 dots and select "Q&A".

If connected via telephone:
- Press *3 to unmute your microphone.

Webex provides real-time closed captioning displayed in a dialog box on your screen. The captioning box can be moved by clicking on the box and dragging it to another location on your screen.

Jones, Shelly@DCA: Public comments today. We will be utilizing the question and answer feature in Webex

The closed captioning can be hidden from view by clicking on the closed captioning icon. You can repeat this action to unhide the dialog box.

Show captions (Ctrl + Shift + A)

Hide captions (Ctrl + Shift + A)
You can select the language to be displayed by clicking the drop-down arrow next to the closed captioning icon.
